Graphic Design Practicum – Print Design

IT'S WHAT MOVES YOU

With a Lexus inspired design and the proven track record of Toyota reliability, the tC is as fun to drive as it is classy. The 2.4L power plant, which is mated with a 5 speed manual or 4 speed automatic transmission (optional) puts down a respectable 160hp and 163 ft lbs of torque, all while maintaining 26 mpg highway / 23 mpg city.

The roomy interior of the tC is complimented with a first of its kind all glass panoramic power sunroof with retractable shades for front and rear seat passengers. With the intuative design of the Scion tC's interior, the very stylish Japanese rice-paper textured dash, and brushed aluminum accents, you'll be quick to question the tC's $16,995 base price.

In addition standard power sunroof, power door locks, power windows, power brakes with traction assist steering, the tC comes standard with an aggressive front facia, BMW 6-series style halogen headlamps, and split 6-spoke 17" cast aluminum alloy wheels with Bridgestone Potenza tires - the same as found on the Lexus IS300.

The dash of the tC is treated with many brushed aluminum accents and a sleek and ergonomic design that is both modern and functional. The standard Pioneer AM/FM/CD/MP3 6-speaker stereo system, with satellite radio (optional) is as easy to use as it is on the senses. With large 6.5" woofers up front and in the rear, and 1" tweeters mounted flush to the front door panels, you'll be immersed in amazing sound.

SPEFICATIONS

Dimension Spefications
Length: *174 inches* Wheel Base: *106.3 inches*
Height *55.7 inches* Curb Weight: *2905 pounds*
Width: *69.1 inches* Gr. Clearance: *5.2 inches*
